Instantly Killed.

John Hammond, a farmer living on the lake road about three miles from Newport, was instantly killed Tuesday afternoon. Mr. Hammond was assisting in the launching of the tug boat John A., which is housed for the winter near his home. To do this work a capstan is used with a long lever to which a pair of horses are attached. The rope attached to this lever suddenly broke while under great strain, and when the lever recoiled it struck Mr. Hammond full in the face, causing instant death. He was the son of David Hammond of this town and leaves a wife and two children.

The practice of the hook and ladder company Friday was good. This is a good thing, and this company and the hose companies should meet often and acquire such skill as will be effective in any fire emergency.

R. H. Noonan, who was recently in New Jersey where he made arrangements for the manufacture of the Barton Wedgewood patent horseshoe, is having much encouragement and many orders from distant places for the shoe.

S. M. Bickford was at Burlington last week and took a fine horse owned by parties in New Hampshire to Henry A. Harding to train. Mr. Harding has as fine a stable of fast horses under his management as is often seen in the state. There are now kept at the fair ground 35 horses, including Mr. Lang's, Mr. Harding's and Mr. Phillips'.

The fire wardens desire to state to the members of the various fire companies that they are requested to report at all regular meetings and rehearsals with two exceptions, sickness or absence from town. The taxpayers have voted to pay money for attendance, and expect and demand it. Take notice and govern yourself accordingly. Fire Wardens.

Geo. H. Davis and family are home from California. George says real estate is a little quiet for Los Angeles but that the population of the city has steadily increased all through the panic and sales are only to purchasers who desire to occupy the land and not to speculators as in ordinary times. Mr. Davis has completed a fine set of buildings this winter and plans to live in California winters and spend his summers here.

Edwin J. Hadley and his marvelous pictures will appear here Friday evening, June 12. Mr. Hadley's untiring efforts to please his audiences have resulted in the universal acknowledgment by press and public of his undisputed superiority. His record of 3,000 successful exhibitions without a single failure has won for him recognition as America's premier exhibitor. Mr. Hadley's entertainment given here a few months ago will be remembered as one of the finest moving picture shows ever in Barton.

On account of the rain the concert Tuesday evening was not as well attended as it deserved. All the numbers were rendered exceptionally well. The

solos by Mrs. Wright and Miss Barron were much enjoyed. The trio, Mrs. Batchelder, Mrs. Stannard and Mrs. Wright, also did their work finely, as did the Arion quartet. Especial mention should be made of G. F. Wheeler of Chicago. His selection from "Martha" was all that could be desired and was vigorously encored. Mr. Wheeler is always appreciated here where he is so well known and has helped so much in music. Powell's orchestra added much to the enjoyment of the occasion, as did Mrs. Drew's readings, especially the "Drill of Yankee Doodle Boy." It was regretted that Leon Batchelder and Mrs. Blake were not able to attend.

Memorial exercises passed very pleasantly Saturday. The day was warm but pleasant, and a large number of people attended, showing their respect for the G. A. R. and being ready to respond to the desires of the veterans and help make the day a success. The procession, which was formed near the Congregational church, was one of the largest ever marching to the cemetery with the soldiers. The soldiers were few, their ranks being depleted by the sickness of some of the comrades. The band discoursed sweet music playing in close harmony, and led the procession. The Templars, the Modern Woodmen, in their uniforms, and the K. of K. A. Following them came a large number of school children bearing flowers. The girls were dressed mostly in white and it was a most inspiring sight to see how animated they were and interested in the occasion. Marshal J. A. Pearson and Assistant Marshal Carl Hamblet directed the procession. After reaching the cemetery an abundance of flowers were strewn reverently on the graves of sleeping veterans, while little flags denoting the patriotism of the fallen comrades were placed at their heads. The band escorted the procession to Seaver's opera hall, and the program began with a melody from the band.

Rev. W. B. Dukeshire offered prayer and the officer of the day, O. V. Joslyn, in a few well chosen words introduced the speaker, Rev. J. H. Dixon of Hardwick. The speaker took for his subject "Your Heroism," and enlarged upon his theme in an interesting manner. He paid a high tribute to the soldiers of the three wars, the Revolution, the Rebellion, and the Spanish war. He also referred to the "mothers, whose loyalty and sacrifice would not pale in the presence of the soldiers whose valor was displayed on the battlefield." Mr. Dixon is a pleasant speaker, of fine air and presence, and all who heard him pronounce it a fine address. At its close Comrade Joslyn thanked the fraternities, Knights and Woodmen, the band, the speaker, Rev. W. B. Dukeshire, the children and all who had contributed to the grand success of the occasion. On the whole it was a beautiful exercise and will be remembered with pleasure by the large assembly who witnessed it.

Baseball Notes.

A complete schedule of the games will be in the Monitor just as soon as we are able to close up our dates.

The management of the ball team this season is arranging games for the summer and booking players. It is the ambition of the team and management this season to put up only the best articles in games and in ball.

The features of the game Saturday were the hitting of Hitchcock and the excellent throwing of Barrows. Webster pitched superb ball and has signed with the Barton team for the season.

The ball team will play the Willoughby Wood & Lumber Co. team at Athletic park Saturday at 2:30 p. m. This will be the first game in which our team has been up against outside players, and as they have a good team this season they will certainly make it interesting for us.

Keep it in your mind all the time that we are to play our old rival, Woodstock, at the Athletic park here June 25 and 26 and we have secured games with Ludlow here for July 9 and 10. Ludlow will have a fine team if reports are true and you will not regret seeing all these games. As Barton Landing is coming fast and with a fast bunch this season the arrangement of six games with them (which is pending) should bring out large crowds and we trust a friendly rivalry which may mean much to both towns.

At the benefit ball game Saturday between the local teams there was a good crowd and considerable enthusiasm. The so-called professional team was the loser by a score of 9 to 4. The battery for this team was Bishop and Berry and for the "scrub team" it was C. S. Webster and C. A. Barrows. Webster and Barrows both played a star game all through, striking out several men and catching several on bases. At times there were signs of some real baseball, fast and good, but again there were times when little of the real science of the game was displayed. The attendance was comparatively large, the gate receipts being about \$30, and \$9 was taken on the grand stand at 10 cents per seat. Everyone remarks what a fine ground this is and so easily reached. We almost hesitate to say it, and of course there may not be a word of truth in it, but we understand some advocated at the close of the game Saturday the releasing of Bishop and Berry and signing Webster and Barrows. Of course Barrows would demand good money to leave his business but then he is worth it. Anyway the game was much enjoyed and the money may be needed later.

Academy Notes.

The reception given by the junior class to the senior class in Seaver's hall Friday evening was pronounced a great success and was much enjoyed by a large audience. Powell's orches-

tra furnished music for the promenade. Special vocal music was furnished by a ladies' quartette composed of Miss Barron, Miss Bickford, Miss Page and Miss Hamblet. The class received many compliments on the success of the occasion.

The baccalaureate sermon by Rev. W. B. Dukeshire at the Methodist church last evening was very fitting to the occasion, and special music was rendered by the choir. There were present the graduating class of the high school, the graduating class of the grammar school, teachers, and a very large audience who are always interested in school matters and especially in the graduating exercises. Mr. Dukeshire urged that the early life, the first 20 years, be rightly lived and that right influences be thrown about the young people as the characters of early life surely showed out often.

The following is the program for commencement week at the academy and graded school. On Tuesday evening there will be a prize speaking contest at the opera house. There are eight numbers on the program and music will be furnished by the school orchestra. This is a new feature for commencement week here, and it promises to be a very interesting one. Thursday afternoon the graduating exercises of the grammar school will take place in the grammar room. Following are the names of the graduates: Hiram J. McLellan, Howard L. Bickford, Harry D. Owen, Delia M. Bean, Clyde P. Cooper, Lillian G. Chadbourne, Howard R. Wilson, Gladys M. McFarlane, Shirley B. Wakeman, Lilla B. Wilkie, Albert W. Scott, Arthur J. Welch, Robert C. Jewell, Grace R. Leslie. Thursday evening the graduating exercises of the academy will be held in the opera hall. The subjects of the essays are all on "Education." The graduates are as follows: Sara B. Huntington, A. Clemma Seaver, Zora M. Silver, Agnes E. Laclair, Alice C. Fisk, Bessie M. Jerome, Bernice A. Hamblet, Ina M. Paige.
